When using the scorecard for A.C.E. you can enter your percentage score for 9-hole or 18-hole rounds of golf. You earn dots for each shot based on the following:

- ✓ If you correctly ANALYZE the shot, place a dot in the 'A' box. If after hitting the shot you realize that you failed to Analyze a factor then you do not get a dot in the 'A' box.
- ✓ If you wholeheartedly go through your COMMITMENT trigger on the shot, place a dot in the 'C' box.
- ✓ You automatically get a dot in the "E" EXECUTE box unless you hit the ball when you should have Exited the shot (ie: score came to mind, wind changed, doubt, negativity, eyes looked at something other than your target, the result, etc.)

A.C.E. Place Score _____ (Line 1) **Total Number of Strokes Taken Today x 3** _____ (Line 2)

(total number of dots on your scorecard but NO dots should be received for Tap-In putts)

Number of Tap-In Putts x 3 _____ (Line 3) **Subtract Line 3 from Line 2 to give you your Total Number of A.C.E. Place Possibilities** _____ (Line 4)

Divide Your A.C.E. Place Score (Line 1) by the Total # of A.C.E. Place Possibilities (Line 4) and Enter this Percentage Number into the System

% of Shots You Were Successfully into the PROCESS of Your Shots
****Note: you may enter percentages for 9 or 18-hole rounds**
